

SATEDGE FOR BUILDING MATERIALS

Transforming Building Material Operations with SAP Cloud ERP

Drive digital transformation and operational excellence with SAT Infotech’s industry-ready SAP solutions.

About SAT InfoTech

Trusted SAP Gold Partner - With over 20 years of innovation, SAT InfoTech delivers next-generation digital transformation solutions that empower enterprises to achieve operational excellence, scalability, and sustainable growth.

Powering Industries with SAP Expertise - Through our flagship SATEdge platform, we deliver SAP-driven digital solutions tailored for the Building Material sector, seamlessly connecting every business process -from Procure-to-Pay, Plan-to-Product, and Order-to-Cash.

Seamless Integration, Transparent Operations - Our unified approach ensures compliance, transparency, and operational efficiency across the entire value chain.

Your Partner in Innovation - Combining deep industry expertise with cutting-edge technology, SAT InfoTech helps organizations overcome challenges, streamline operations, and unlock new opportunities for growth and excellence.

Key Features of SATEDGE for Building Materials

 End-to-End Business Process Integration	 Fixed Cost Implementation
 Regulatory Compliance	 Custom BTP Solutions
 Cloud-Based Solution	 AI-First Strategy

Transform Building Materials Manufacturing with SAP Cloud ERP Intelligence

	INDUSTRIES BEST PRACTICES Preconfigured SAP processes built for the building materials industry - covering cement, concrete, tiles, bricks, and aggregates - to ensure operational excellence and compliance.
	SMART INTEGRATION SOLUTIONS Connect SAP systems with third-party and legacy applications seamlessly - ensuring real-time data flow, better collaboration, and a unified business ecosystem.
	FAST TIME-TO-VALUE Reduce project timelines with ready-to-deploy SAP best practices, ensuring smooth adoption and faster business benefits from day one.
	PROTECT YOUR INVESTMENTS Stay future-ready with automated SAP updates delivering new features, regulatory changes, and enhanced security - without operational downtime.
	COMPREHENSIVE PROCESSES Streamline your entire value chain - from raw materials to finished goods - with end-to-end automation, quality control, and dispatch management powered by SAP S/4HANA Cloud.
	ADVANCED ANALYTICS Transform operational data into actionable insights using real-time dashboards that help you optimize production, inventory, and delivery performance.

SAT INFOTECH Extensions to SAP Cloud ERP

AUTOMATED GATE ENTRY SYSTEM

Streamline material movement with weighbridge-integrated gate automation.

E-INVOICE & E-WAY BILL

Automate statutory compliance with seamless e-invoice and e-way bill integration.

BANK API COMMUNICATION

Enable secure, real-time payments and automated bank reconciliation.

QUALITY PROCESS WITH SAP AVC & CERTIFICATES

Enhance quality control using AVC characteristics and auto-generated certificates.

PRODUCTION PLANNING AND EXECUTION FOR PRIMARY STEEL MANUFACTURING

Facilitates Production Planning for different stages of Steel Production, with Combined Production Order Management, Batch Tracking and manage Mill Operations

WHATSAPP CONVERSATIONAL AI

Engage users and trigger SAP actions through interactive WhatsApp messaging.

PRODUCTION PLANNING AND EXECUTION FOR PAPER PRODUCTS MANUFACTURING

Solution facilitates Production Planning for Paper Machine, Slitting & Cutting Machines with in-built OptiCut Planning for Reel and Sheet Paper Products

Accelerate Your Digital Transformation with SATEdge

SATEdge is a purpose-built SAP Cloud ERP solution crafted exclusively for the Building Materials industry - designed to unify, optimize, and transform every facet of your business.

One Intelligent Platform. Infinite Possibilities.

SATEdge connects your entire operation - from procurement and production to sales and quality management - into one single source of truth, empowering smarter, faster, and more confident decision-making.

Transform the Way You Work

Harness the power of:

- Industry Best Practices - tailored specifically for chemical manufacturers
- Real-Time Analytics - for instant visibility into performance
- Process Automation - to boost efficiency and reduce manual errors

Power Up Precision, Agility & Compliance

Operate with confidence knowing every process is optimized, compliant, and connected.

SATEdge helps you:

- ✓ Optimize plant performance
- ✓ Reduce operational costs
- ✓ Accelerate response to market changes
- ✓ Ensure full regulatory and environmental compliance
- ✓ Enhance batch traceability and supply chain efficiency

Built for Sustainable Success

Turn your Building Materials business into a connected, intelligent enterprise - ready to grow, innovate, and thrive in the digital era.

With SATEdge, you're not just transforming systems - you're redefining what's possible.

SATEdge - Where Intelligence Meets Innovation.
